‘Right Turn’ - Driver training for young people in SA to gain their Provisional license

Whitelion South Australia is set to introduce ‘Right Turn’, a driver training program for young people to gain their Provisionary license.

The participants will have the opportunity to transition from Learner’s training programs and other providers through to ‘Right Turn’ in order to gain their P’s.

The program is made possible by the resource of at least one vehicle for the use of the participants, who will be matched with experienced mentors to enable them to build up their log book hours and complete their VORT test to obtain their Provisionary licence.

Whitelion’s mentors will cover defensive driving aspects, as well as introduce the participants to the appropriate socially responsible behaviour underpinning the “right to drive”.

‘Right Turn’ will enable its participants to:

- Make informed decisions about the safety and legal use of a car, thereby increasing road safety.
- Access an inexpensive and culturally supportive way of obtaining their Provisionary license.
- Improve their individual capacity.
- Significantly increase their employment prospects.
- Increase their sense of self-worth.

The program consists of one full hour sessions, supervised by our experienced mentor, who has recently completed a Defensive Driving course. After completion of each driving lesson, he will sign the participant’s log book and will also comment on and record the participant’s driving behaviour to give incentive for improvement.

The driving lesson will be carried out in our comfortable Right Turn car, a fully serviced and maintained four cylinder Holden Commodore automatic.

Prior to their first driving lesson, the participants are required to fill out and sign an application form. For those under 18 years of age, their parent or guardian is to sign a consent form in addition to the participant’s application form.

For bookings and enquiries, please contact:
Carolin Roberts - 8243 5413
carin.roberts@whitelion.asn.au
or:
Tania King - 0411 771078

Cost:
$50.00 per logbook hour, payable in cash upfront on the day of the appointment.
Receipts are available upon request.
